

**TEMPORARY EMPLOYMENT CLASSIFICATION
WSU-MOUNT VERNON NWREC**

OFFICIAL TITLE/TITLE CODE: Service Worker II

WORKING TITLE: Agricultural service worker

POSITION NUMBER: Varies

APPOINTMENT STATUS: Temporary Employee

ORGANIZATION AND LOCATION: WSU Mount Vernon Northwestern Washington
Research & Extension Center

BASIC FUNCTION: Assists with general field, greenhouse, and/or laboratory duties related to agricultural research projects. Duties involve semi-skilled labor that may require specialized training or licenses. Incumbents work under general supervision. Tasks of a specialized nature and moderate complexity may require incumbent to draw on experience and use judgment with minimal supervision.

REPORTS TO: Faculty and agricultural research technicians, as assigned by NWREC departments.

SUPERVISORY RESPONSIBILITIES: Under direction, may lead work of seasonal time-slip workers and students in field, greenhouse, and/or laboratory settings regarding activities related to planting, maintaining and harvesting agricultural research trials to insure they are done according to directions, and safely.

TYPE OF WORK For field and greenhouse: planting, weeding, irrigating, note-taking, labeling, harvesting, equipment and implement cleaning. For laboratory: dish-washing, labeling, counting, media preparation, culture transferring, and/or data entry.

REQUIRED EXPERIENCE One and one-half years (full-time equivalent)
